Profile

I have 4 basic objectives. I want to be a creative individual. I want to continue to expand upon my skill set and always work towards taking myself to the next level. I want to prove myself. I must continue to learn new things.

Experience

Web Developer, Brookside Studios Tulsa, OK • Employed Jan 2010-Current

- Develop cutting-edge websites that exceed our clients needs using technologies such as PHP, CSS, Javascript, jQuery, CakePHP frameworks, CSS, XML, MySQL, and HTML5.
- Troubleshoot design and programming issues.
- Deploy websites to work in a number of current and past web browsers to ensure a consistent look and feel, and more importantly, functionality regardless of the web browser.

System Administrator, Times Record Fort Smith, AR • Oct 2002-Jan 2010

- Upkeep and functionality of approx. 150 Macintosh computers.
- Continuing functionality and efficiency of 5 xServe servers and several other servers.
- Software support to all employees who use any of our computers.
- Troubleshooting and problem-solving any issues which arise that relate to our computers and servers.
- Software development: Using Applescript Studio, I have created many small utilities that assist us in file transfer, backup, creation, or other small automation tasks. I have created 2 commercial-grade applications that have been made available.
- Graphic Designer: Special section covers, magazine covers, many other misc. design projects.
- Go-to Guy: I also served as the back-up for many other employee's due to the extensive knowledge of our system that I gained while progressing through the ranks.

Webmaster, Christian Online Van Buren, AR • July 2002-Oct 2002

- Design and development of the website. I utilized HTML, CSS, and PHP for this.
- Design of logo, business cards, and printed flyers.

Freelancer, Home 1999-Current

- Web Development
- Graphic Design
- Software Development
- IT Help for OS X, OS X Server, Mac computers, Windows products.

Education

Greenwood High School — High School Diploma, 2002

University of Arkansas, FS— Graphic Design (non-grad), 2002

- Logo design, Advertising Design, Typography, Digital Design, Color, Drawing, Digital Illustration, 2D Design, Identity Design

Skills

- Adobe CS3, CS4, & CS5 Creative Suite – Proficient in Photoshop, Illustrator, InDesign, Dreamweaver, and Acrobat Pro.
- Macintosh OS X – Experience as an IT professional (see below)
- Software Development – Mac only, using Applescript, ApplescriptObjC, and Cocoa.
- Web Design/Development: HTML, CSS, PHP, MySQL, Javascript, jQuery, CakePHP

Qualities

- I am an Eagle Scout. I have also served as a scout master for a troop in Sallisaw, OK.
- I am incredibly reliable.
- While I do not like to rush creativity, I am very efficient with my work.
- I do not like to be disorganized. It hurts efficiency.
- I take pride in my work and strive for quality, always.
- I am very open-minded.
- I am always trying to learn something new.

Recognition

I have been awarded 10 times since 2007

- 2007: 3 awards
- 2008: 5 awards
- 2010: 2 awards

Referrals

- Mike Goodwin, 479-522-1990
- Brad Wheeler, 479-221-3405
- Janet Ingle, 918-448-8365
- Adam Speck, 479-650-3279
